About Genesee Valley Plein Air Painters, Inc.

Organized in September, 2005, Genesee Valley Plein Air Painters, Inc. is an artist association that promotes and inspires quality, plein air painting while providing socially pleasant painting opportunities for its membership throughout the year.

Plein air is a French term which means “open air”. All pieces in this show have been painted outside, in natural light, at the site of the subject.

Our artist members meet to paint plein air throughout all seasons. Painting subjects are within the Greater Rochester and Finger Lakes regions and include landscapes, cityscapes and waterscapes.
